A [illegible]

Yesterday is gone, tomorrow is near,
the years have gone by so quickly,
yet in memory are so clear.

The time has come for new life to begin.
Will it bring status or will it be drowned by life's loud din?

Tomorrow is near; opportunities are at hand.
Strength will grow, mentality will span.

Fearful dark jungle of lights and sounds.
Humanlike creatures with ideals nowhere near the ground.
Tall, stalking dwellings look down with a glare.
Enter this world — does anyone dare?

Tenacious person, strong in conviction.
Will this new world make this contradiction?

Amidst the dark jungle, an oasis if you will,
with a caressing breeze and a river standing still.

Suddenly, a twirling mixture of brightness and shade.
The brief peaceful picture begins to fade
Tossed and turned within the storm,
the very soul far from the norm.

The tempest comes to a lingering halt.
The wounds and bruises are only life's fault.
But, life is not built upon trouble and sorrow.
With each bump or bruise comes a better understanding of tomorrow.

Though darkness dwindles near the oasis,
life is now placed on a more balanced basis.

Remember

CHRISTINA ROSSETTI

Remember me when I am gone away,
Gone far away into the silent land;
When you can no more hold me by the hand,
Nor I half turn to go, yet turning stay.
Remember me when no more, day by day,
You tell me of our future that you planned;
Only remember me; you understand
It will be late to counsel then or pray.
Yet if you should forget me for a while
And afterward remember, do not grieve;
For if the darkness and corruption leave
A vestige of the thoughts that once I had.
Better by far you should forget and smile
Than that you should remember and be sad.

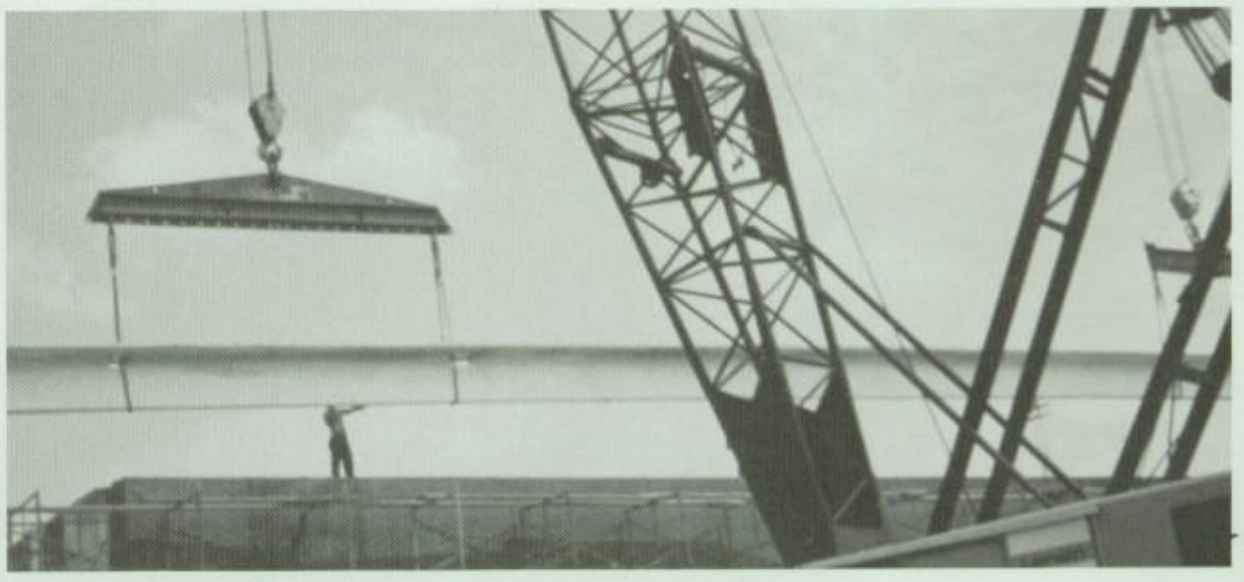
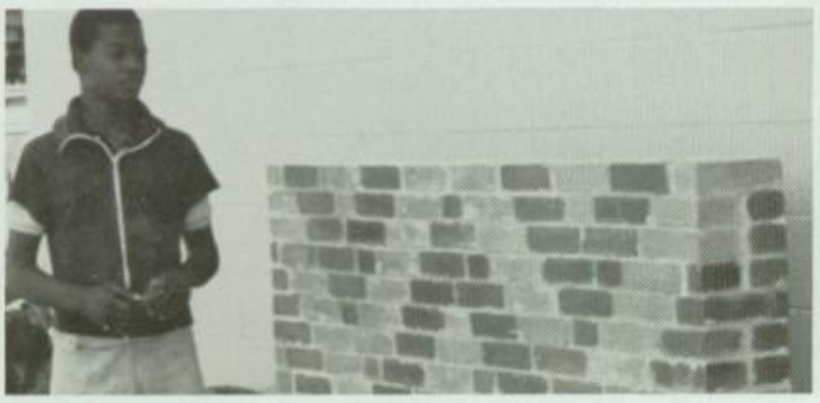
DISASTER AT LYMAN



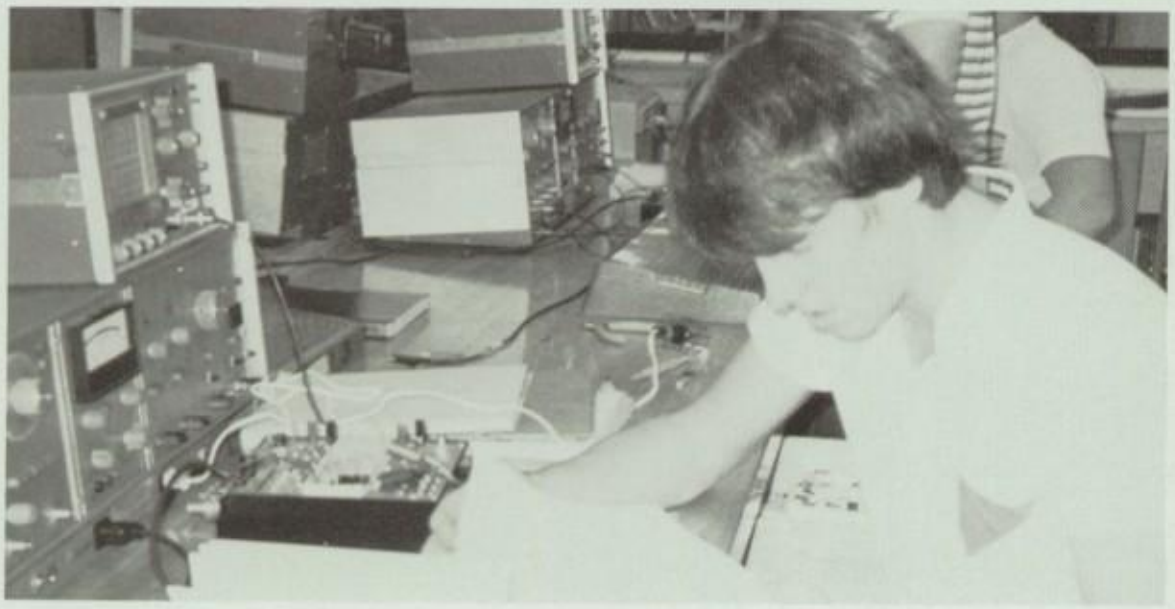
Structural failure, resulting in extensive leaks during a heavy rain storm brought about the reconstruction of our gymnasium roof. Construction caused changes in routine and game schedules throughout the school year. Pep rallies were held in the bleachers and sports events were held at neighboring Milwee Middle School and our Multi-Purpose building.

AGRICULTURE

CARPENTRY AND MASONRY



ELECTRONICS



REFRIGERATION

Students are taught all phases of Refrigeration, which includes repair, maintenance, modification, and design. The shop is one of the finest in the school system with Mr. John Greene, a Lyman Alumni, as their teacher.

CIRCUS WORLD

EDITOR

1983-84 what a year! Rollercoaster days, clown-like craziness and color-filled evenings. This has certainly been a circus year. I wouldn't have had it any other way. This year has been the best out of my four years at Lyman and with the help of God and some very special friends, a work of art and memories was created. I'd like to thank my parents, the yearbook staff, Uncle Ron, Mrs. Robinson, Mrs. Amodt, and the Bryn Alan photographers for their support and contributions. May God bless you all.

With all my love, Lisa Rodriguez
